Verse 1

Holy One, Holy One,

Down from above, give us your love.
You're the Holy One

Look at my sin. Look deep within.

You hold the key, you can set me free.
Purify me Holy One

Verse 2

Distant past, From You cast

You can reverse this sin filled curse.
Make us holy, Holy One

We are stray, Gone our way

Far from the light, we have lost our sight.
Illuminate us Holy One.

Verse 3

Holy One, Holy One

Great mystery in all I see.
Regenerate me, Holy One.

Maker Lord, Maker Lord

You used your mind, thought of all I find.
You're the Holy One

Bridge

Savior of the fallen world, in our hearts we yearn
Messiah! Holy Son of God, where else can we turn?
Our hope rests in you.

Verse 4

Holy One, Holy One

Remove our fear, for the end is near.
Please reclaim us, Holy One.

Holy One, Holy One

Holy One God's only Son.
You're the Holy One.

Bridge

Savior of the fallen world, in our hearts we yearn
Messiah! Holy Son of God, where else can we turn?
Our hope rests in you.

Closing Statement

Holy One, Our resources gone

Take us away, bring us home to stay.
