Chorus:

Things are not what they seem. People believe what they want to believe,
But things are not . . . not what they seem. No . . .

Verse 1

Consider the Evolutionist: Goes out of his way to say God doesn't exist.
He'll shape the evidence to make it fit. He hides his face from the truth.

Chorus –

Verse 2

There's hunger and violence, open your eyes. How can God let it happen if He's so wise?
But God's not the cause, man's his own demise. We hide our face from the truth.

Chorus

Verse 3

"It's a woman's right." That's what they said. "What isn't alive can't be made dead!"
"A burden to bear? Abort it instead!" She hides her face from the truth.

Chorus –

Bridge –

Deep inside, we know what is right, but we choose to believe all of Satan's lies.

Verse-Chorus Interlude

Verse 4

A friend of mine won't go to church any more. "The people are hypocrites, and it's such
a bore."

"And that stuff about Jesus is ancient folklore." He hides his face from the truth.

Chorus –

Verse 5

Such advancement of science – we've made quite a dent.

They say whether God exists is irrelevant.

But the ancient of days is coming again. Don't hide your face from the truth

Chorus –
