## **Verse 1**

I feel it trickle down. Love should be pouring out.  
I know that something's wrong, 'cause it just trickles down.  
Here is a new born baby. He needs a lot of love.  
He will never survive if love just trickles down

## **Chorus**

In so many lives, the flow of love has died.  
It died because we're turning our eyes from Jesus.  
Let's focus our sight again upon the author of life.  
Oh Jesus, help us get the love pouring again.

## **Verse 2**

Let's get it pouring out. Let's get love pouring out.  
Jesus died for us, His love is pouring out.  
If you see someone in pain, or just a lonely soul,  
let's work to meet the need. Keep your love pouring out.

## **Chorus**

In so many lives, the flow of love has died.  
It died because we're turning our eyes from Jesus.  
Let's focus our sight — again upon the author of life.  
Oh Jesus, help us get the love pouring again.

## **Verse Recap**
