Verse 1

Have you heard of the Mighty God?
He made the sea and the land you're on
Lot's of people don't believe it's true
Your uncles weren't monkeys; they were just like you!

Chorus

Master of the universe; the Alpha and Omega
Holy God of love and power! Lord of all the ages!

Verse 2

God made us with independent minds.
But man rebels because he's full of pride
God is good. He cares about us, still.
He shows us the way to get back in His will.

Chorus

Holy Father who left us not,
Sent your son to reclaim us!
Lived here on Earth but knew no sin
Withstood the scourge of Satan!

Bridge

***Spoken:** God's most important attribute is that He is Holy! He cannot stand to be in the presence of sin. Therefore, in our fallen state we are hopelessly separated from Him. But, He loves us! We are His creation, and he wants us to be part of His family again. He made a way for that to happen! God, You Are Good!*

Verse 3

Jesus became our sacrifice
He bore the death we deserve to die.
Glory to God and to God's own Son;
Because of our Lord the victory's won!

Chorus

Jesus Holy Son of God, defender against evil
Prince of Peace and Lord of Lords; His righteousness unequalled
